Position

* Please identify your position. 

Answer	0%	100%	Number of Responses	Response Ratio
Gen Ed Preschool Teacher			14	1.6%
Gen Ed Teacher, TK-3			386	45.1%
Gen Ed Teacher, 4-6			219	25.6%
Gen Ed Teacher, 7-8			5	<1%
Special Ed, Preschool			21	2.4%
Special Ed, M/M			35	4.0%
Special Ed, M/S			20	2.3%
RSP Teacher			44	5.1%
VAPA/P.E. Teacher			51	5.9%
SLP			33	3.8%
Counselor, VI, OM			5	<1%
RT, TOSA			9	1.0%
School Nurse			13	1.5%
No Responses			0	0.0%
		Totals	855	100%

Where are you working from during the duty day?

* Where are you working from during the duty day?

Answer	0%100%	Number of Responses	Response Ratio
Strictly from home		457	53.5%
Strictly on site		139	16.2%
Both from home and on site		259	30.3%
	Totals	854	100%

- 53.5% answered Strictly from Home
- 16.2% answered Strictly on Site

How sustainable is your current work arrangement?

1 = Not at All Sustainable , 2 = Somewhat Sustainable , 3 = Neutral , 4 = Sustainable , 5 = Very Sustainable

	1	2	3	4	5
	32 (3%)	179 (20%)	149 (17%)	293 (34%)	202 (23%)

Hold the mouse over each color of the bar to see the number of respondents.

		Number of Responses	Rating Score*
	<div> <div>3%</div> <div>20%</div> <div>17%</div> <div>34%</div> <div>23%</div> </div>	855	3.5

- 57% answered “Sustainable” to “Very Sustainable”
- 23% answered “Not Sustainable” to “Not at all Sustainable”

What safety concerns do you have about working on site while schools are CLOSED?

Hold the mouse over each color of the bar to see the number of respondents.

Answer		Number of Responses	Rating Score*
Adults on campus congregating	2% 32% 21% 18% 24%	840	3.3
Too many people on campus	1% 29% 20% 17% 31%	840	3.5
Adults and/or students not following all safety protocols	1% 17% 20% 16% 44%	840	3.8
Insufficient sanitizing and cleaning procedures	1% 20% 19% 19% 38%	840	3.7
Children on campus (childcare and/or for testing)	2% 26% 22% 19% 28%	840	3.5
Children on campus (unenrolled in childcare)	5% 34% 17% 15% 26%	840	3.2
Children on campus not following all safety protocols	2% 16% 16% 18% 45%	840	3.9
Ventilation system inadequate	1% 14% 13% 20% 49%	840	4.0
Lack of access to a full time nurse	2% 18% 16% 22% 39%	840	3.8
Inadequate daily health screening	2% 21% 19% 21% 35%	840	3.7

Top 3 Concerns:

- Ventilations system inadequate
- Children on campus not following all safety protocols
- Lack of access to full time nurse

Without a Safety MOU in place, how comfortable would you be returning to campus for in-person instruction?

1 = Not at all comfortable, 5 = Very comfortable

	1	2	3	4	5
	516 (60%)	118 (13%)	100 (11%)	52 (6%)	68 (7%)

Hold the mouse over each color of the bar to see the number of respondents.

- 13% answered “comfortable” to “very comfortable”
- 73% answered “not comfortable” to “not at all comfortable”

With a Safety MOU in place, how comfortable would you be returning to campus for in-person instruction?

1 = Not at all comfortable, 5 = Very comfortable

	1	2	3	4	5
	123 (14%)	139 (16%)	188 (21%)	213 (24%)	192 (22%)

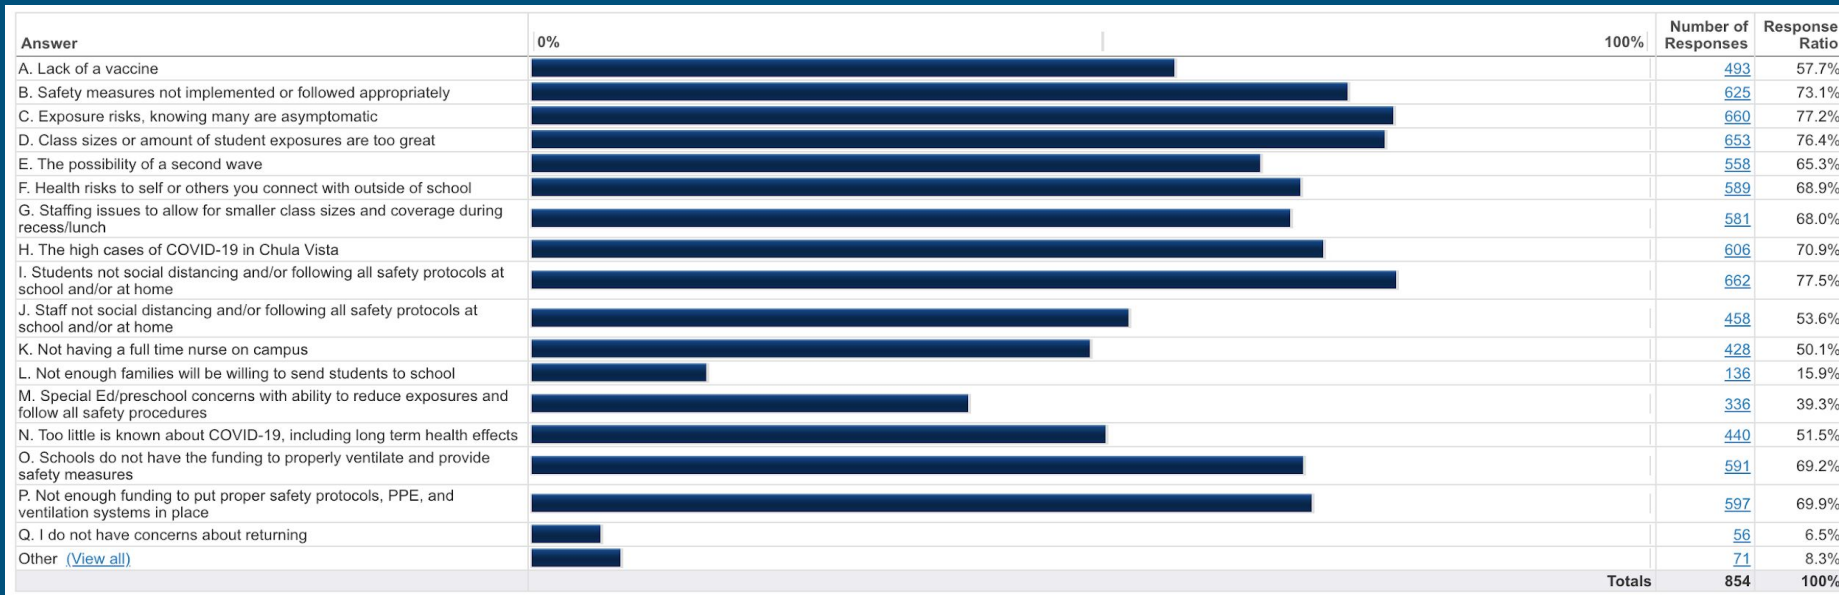

Hold the mouse over each color of the bar to see the number of respondents.

		Number of Responses	Rating Score*
	<div><div>14%</div><div>16%</div><div>21%</div><div>24%</div><div>22%</div></div>	855	3.2

- 46% answered “comfortable” to “very comfortable”
- 30% answered “not comfortable” to “not at all comfortable”

What are your greatest concerns about physically returning to work at school sites? (SELECT ALL THAT APPLY)

Top Concerns:

1. Students not social distancing and/or following all safety protocols at school and/or at home
2. Exposure risks, knowing many are asymptomatic
3. Class sizes or amount of student exposures are too great

What are your greatest concerns about physically returning to work at school sites? (No More than 5)

Answer	0%	100%	Responses	Ratio
A. Lack of a vaccine	<div></div>		289	33.8%
B. Safety measures not implemented or followed appropriately	<div></div>		297	34.7%
C. Exposure risks, knowing many are asymptomatic	<div></div>		471	55.1%
D. Class sizes or amount of student exposures are too great	<div></div>		352	41.2%
E. The possibility of a second wave	<div></div>		151	17.6%
F. Health risks to self or others you connect with outside of school	<div></div>		369	43.2%
G. Staffing issues to allow for smaller class sizes and coverage during recess/lunch	<div></div>		190	22.2%
H. The high cases of COVID-19 in Chula Vista	<div></div>		249	29.1%
I. Students not social distancing and/or following all safety protocols at school and/or at home	<div></div>		422	49.4%
J. Staff not social distancing and/or following all safety protocols at school and/or at home	<div></div>		136	15.9%
K. Not having a full time nurse on campus	<div></div>		97	11.3%
L. Not enough families will be willing to send students to school	<div></div>		25	2.9%
M. Special Ed/preschool concerns with ability to reduce exposures and follow all safety procedures	<div></div>		103	12.0%
N. Too little is known about COVID-19, including long term health effects	<div></div>		147	17.2%
O. Schools do not have the funding to properly ventilate and provide safety measures	<div></div>		241	28.2%
P. Not enough funding to put proper safety protocols, PPE, and ventilation systems in place	<div></div>		298	34.8%
Q. I do not have concerns about returning	<div></div>		52	6.0%
Other (View all)	<div></div>		36	4.2%
Totals			854	100%

Top Concerns:

1. Exposure risks, knowing many are asymptomatic
2. Students not social distancing and/or following all safety protocols at school and/or at home
3. Health risks to self or others you connect with outside of school
4. Class sizes or amount of student exposures are too great

Please rate the following safety measures according to how important you think they would be for you to feel that it is safe and appropriate to return to schools.

1 = Oppose , 2 = No Opinion , 3 = Not Important , 4 = Somewhat Important , 5 = Important , 6 = Critically Important

Answer		Responses	Score*
A hybrid model to reduce class size, keeping 6-ft distancing and minimal exposures		842	4.9
Widespread testing of students and staff		842	5.0
Alternative working arrangements for high-risk staff		842	5.4
Daily health screening and temperature checks for students and staff before entering campus		842	5.2
Appropriate Personal Protective Equipment for students and staff (masks, N95s, face shields, etc)		842	5.6
A rigorous tracing procedure for anyone in close contact with someone who has tested positive		842	5.3
Significantly increased sanitizing protocols and custodial staff		842	5.5
Adding hand-washing stations to cafeterias or other high traffic areas		842	5.4
Painting 6-ft spacing and arrows for traffic flow on campus		842	4.8
Having a full-time Nurse on campus		842	5.2

- Appropriate PPE for students and staff (masks, N95s, face shields, etc.) (88%)
- Significantly increased sanitizing protocols and custodial staff (88%)
- Alternative working arrangements for high-risk staff (87%)
- Adding hand-washing stations to cafeterias or other high traffic areas (84%)
- Rigorous tracing procedure for anyone in close contact with someone testing positive (81%)

Once schools physically reopen, what is your preference?

Answer	0%100%	Number of Responses	Response Ratio
I prefer to teach Distance Learning only		291	34.0%
I prefer to teach only onsite		226	26.4%
I prefer a hybrid model that allows for me to do both		331	38.7%
No Responses		7	<1%
	Totals	855	100%

- 38.7% Hybrid model that allows for DL and on-site
- 34% Distance Learning only
- 26.4% On-site only

If schools were to physically operate in a hybrid model, which would you prefer?

Answer	0%	100%	Number of Responses	Response Ratio
Half days at school, half day virtual			152	17.9%
Alternating days at school and virtual			453	53.3%
Alternating weeks at school and virtual			201	23.6%
No preference			107	12.6%
		Totals	849	100%

- **53.3%** Alternating days
- 23.6% Alternating weeks
- 17.9% Half days
- 12.6% No preference
