

TA 1/16/23

MEMORANDUM OF UNDERSTANDING
BETWEEN THE CVE AND THE
CHULA VISTA ELEMENTARY SCHOOL DISTRICT

This Memorandum of Understanding ("MOU") will cover the agreement between the CVE and the CVESD regarding AEGIXs security system. The purpose of this MOU is to clarify the following:

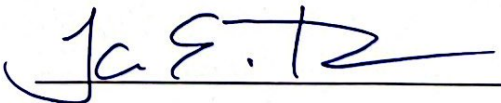

- The AEGIX safety and security system is intended to protect District students and staff in dangerous or unsafe situations.
- The AEGIX system includes necessary use of District laptop devices, or other devices, or an employee personal cell phone. Employees shall not be required to use their own personal electronic devices including cell phones for the AEGIX.
- Unit Members will be trained in proper use of this system prior to, or simultaneously with, distribution and activation of AEGIX.
- Unit members will not be disciplined for the good faith use of the AEGIX system. The AEGIX system does not have the capability to track or monitor the location of devices.
- The AEGIX system shall not be used as a substitute for walkie-talkies or other "normal" types of communication, however, the AEGIX system can and shall be used to secure the safety of CVESD students and staff.
- The District shall make available to unit members appropriate electronic devices to use the AEGIX system if a unit member declines to use their personal phone, laptop, or other personal electronic devices.

This MOU shall be in effect from the date it is signed by both parties. This MOU remains in effect until a new agreement is made or the AEGIX system is included in the collective bargaining agreement. Either party can sunshine or request the MOU to be extended without sacrificing one of the reopeners in Article 58.
